

## Lunch Policy

At Quiet Waters Montessori, we are passionate about nutrition. All children attending Quiet Waters Montessori Academy are required to participate in the lunch program, no exception.

Lunch is provided by 'Wholesome Kids Catering' whose menus are nutritious, child friendly and provide each child with a vast array of ingredients. The company can accommodate every special dietary request, be it life choice like vegan, or allergy request such as egg free. We have been clients of theirs for years and there has not been an accommodation they have not been able to meet in all this time.

The cost of am and pm snacks and hot lunches is included in your monthly fees.

If you require additional information, please contact the office and we'd be happy to help answer any questions.
